SKILLS

FRONT-END
Flutter • Dart • Javascript
HTML5 • CSS • Kotlin

BACK-END
NodeJS • Python

ARCHITECTURE
Clean • MVVM • TDD
MVC • Hexagonal

MISCELLANEOUS
AWS • RPA • UiPath
AEM • Datadog • System Design
Sprinklr • Blockchain • Unit testing
SOLID • DRY principles

CI/CD
Bitrise • CodeMagic • GitlabCI
Bitbucket • Jenkins • Git

SOFT SKILLS
Team player • Leadership
Bias for action • Collaboration
Taking initiatives • Deliver results

EDUCATION

GUJARAT TECH. UNIVERSITY
B.E in Computer Engg.
August 2020 | Ahmedabad, Gujarat
CGPA: 8.21 / 10.0

ACHIEVEMENTS

• Successfully led and managed a
cross-functional team of 10 developers in
the development and delivery of a project.
• Acclaimed **National level Speed Cuber**
and founder of **Unscramble Rubik's Cube
Academy** in Ahmedabad.
• Passionate **speaker and active
contributor** to the **Flutter Ahmedabad,
GSDC WOW**, and other tech
communities.
• Secured the **3rd rank** in the **state-level
TEQUIP -2** hackathon by creating a
cutting-edge **microlearning** platform.

INTERESTS

Speed Cubing • Sports • Public Speaking

EXPERIENCE

CGI | Sr. Software Engineer
Feb 2022 – Present | Ahmedabad, India
- Provided valuable contributions to application architectural discussions that led to a **20% reduction** in development time and a **30% increase** in application performance.
- Well-versed in the complete **app development lifecycle**, from design to development, testing, code review, load balancing, third-party management, and **CI/CD** process using **Agile** methodology.
- Lead the Front-end team as a **Guild Lead** to foster innovation and enhance system performance continually.
- Expertly managed the **CI/CD** pipelines and deployed mobile applications on both **AppStore** and **PlayStore**, resulting in **35% increase** in user engagement.
- Proficient in integrating **AEM** with other Adobe marketing tools, enabling data-driven decision-making and personalized user experiences within the mobile application.
- Played a key role as a **client representative** in a prominent European product-based company, collaborating closely with cross-functional teams and driving successful project outcomes.

TATA CONSULTANCY SERVICES LTD. | System Engineer
Sept. 2020 – Feb 2022 | Ahmedabad, India
- Successfully designed and developed mobile applications for both Android and iOS platforms, with more than **10 million downloads**.
- Demonstrated a strong commitment to quality by writing unit, widget, bloc, and integration tests to ensure **test coverage of 95%**, which resulted in a significant increase in application stability.
- Leveraged **Datadog's** monitoring and **analytics** capabilities to optimize the performance and enhance the analytics of a mobile application resulting into **20% reduction** in debugging time.
- Utilized the power of Flutter to **singularize** the codebase for applications deployed on multiple platforms, resulting in a **30% reduction in development time** and a **50%** increase in **code maintainability**.

FREELANCE | Mobile Application Developer
Feb 2019 – July 2020 | Ahmedabad, India
- Successfully developed multiple mobile applications using **Flutter** for various platforms, including **Android, iOS, progressive web applications, and more**.
- Demonstrated expertise in developing a diverse range of mobile applications, including **chat applications, ERP solutions, social networking applications, medical fitness, and Uber clone**.
- Explored various **state management** techniques and **architectures** to improve the application performance.

KEY PROJECTS

- A **feature-rich e-commerce platform** leveraging technologies such as personalized recommendations, secure payment gateways, and seamless order management resulting in **10+ million downloads**.
- A ride-hailing platform utilizing technologies such as **real-time GPS tracking**, location-based services, and **advanced routing algorithms**.
- An **OTT application**, delivering high-quality streaming content to a global user base developed using **Flutter** to deploy over multiple platforms.
